XPB The smart multi functional tool

*Ergonomic
Modular
Intelligent*

More Than Productivity

XPB - THE FUTURE OF AEROSPACE MANUAL OPERATIONS

The aerospace world is transforming from the design phase to the production shopfloor. **Robotic solutions, digitalized instructions, augmented reality** are now used on a daily in all the aerospace plants worldwide.

Aerospace players deserve the **most advanced technologies**, and are looking at solutions to **increase their flexibility, up-time & productivity**. As aerospace experts, Desoutter & Seti-Tec have designed a platform taking manual operation to an advanced level while **satisfying today's and tomorrow's most demanding challenges**.

Discover how to **accelerate your transformation**.

MULTI-APPLICATIONS HEADS*

- Wide range of heads covering various applications
- Automatic head recognition with RFID technology
- Fully customizable heads

OPERATOR FEEDBACK*

- Integrated smart lighting
- LED flash for alerts
- Bright drilling area

SMART TRIGGER

- Adjust drilling speed to material

DISPLAY SCREEN

- Easily selection of speed
- Operator feedback (error messages...)

GO ELECTRIC

- High performance Desoutter standard batteries
- 2 battery positions for accessibility reasons

ERGONOMY - HEALTH & SAFETY

- Perfect balance
- Ergonomic handle
- Low sound levels

ERGENCY STOP

- Emergency stop button

FULL SPEED COVERAGE*

- Full drilling speed range available in a single tool for all aerospace materials

CYCLE COUNTER

- Get control over your tool maintenance & cutting tool lifetime

XPB - THE MULTI FUNCTION BATTERY TOOL

TOOL RANGE

- XPB
- Drilling applications only
 - Speeds adjustable via software

+ Options

- XPB ADVANCED
- Drilling applications only
 - Display screen
 - Up to 6 drilling cycles

+ Options

- XPB MODULAR
- Multi applications
 - Automatic cycle selection via RFID technology

MODULARITY

DRILLING

WIDE RANGE OF TEMPORARY FASTENERS HEADS*

FRANGIBLE COLLARS

* Other heads available, please contact your Desoutter representative

SOFTWARE

Easy connectivity and user-friendly interface
Made for fast tool setup, cycle creation and access to curves.

Full service & support offer

BOOST YOUR FLEXIBILITY

GO electric

- No need for heavy air network installation
- No more air hose - Full freedom of movement for the operator

Modular system

- One tool to cover various applications
- Wide range of heads managed with Quick change RFID system

BOOST YOUR UP TIME

Optimized maintenance

- Cutting tool lifetime management
- Tool & head maintenance management

SMART ready

- Optional Wifi module for integration in smart factory
- Open architecture

BOOST YOUR PRODUCTIVITY

Secure quality of your operation & error-proof your process

- Constant drilling speed
- Operator feedback
- Various smart drilling options

Reduce Health & safe issues

- No more tripping on air hose
- Low sound levels

More Than Productivity
